## SUMMARY

I am a Software Engineering MEng graduand from the University of Southampton. I have worked two summer internships at Micro Focus, and will be working there after graduation.

## SKILLS

- Java
- Eclipse
- Data Structures
- XML
- Databases
- CSS
- JSON
- Software Engineering
- Agile Methodologies
- Algorithms
- HTML 5
- JUnit
- Jetty
- C
- Python
- SQL
- HTML
- Subversion
- OOP
- Web Development
- Software Development
- Git
- UML
- JavaScript
- SilkTest

## EXPERIENCE

**University of Southampton**  
Student

10 / 2010 - Present

**Micro Focus**  
Summer Intern

06 / 2013 - 08 / 2013

Creating an improved data file editor for COBOL.

**Micro Focus**  
Easter Intern

03 / 2013 - 03 / 2013

Fixing bugs in Enterprise Developer.

**Micro Focus**  
Christmas Intern

12 / 2012 - 12 / 2012

Adding COBOL code templates to Enterprise Developer.

**Micro Focus**  
Summer Intern

06 / 2012 - 08 / 2012

Adding functionality to Eclipse Orion.  
<http://orion.microfocus.com>

**Newbury Library**  
Sunday Library Assistant

04 / 2010 - 06 / 2010

Provided library services during a trial opening on Sundays.

## EDUCATION

**University of Southampton**

2010 - 2014

Master of Engineering (MEng) , Computer Software Engineering

**St. Bartholomew's**

2003 - 2009

## INTERESTS

Software engineering, systems migration, back-end development

## LANGUAGES

- English ( Native or bilingual proficiency )
